Introduction to Web Technologies Coursework Proposal

Student Name:	Roshan Parajuli
Student ID No:	NP03A190017

Proposed Name of Web Site

Naulo café (www.naulocafe.com)

Description of the Web Site

Naulocafe.com is a website for our café store which contains information about menus, location of our café, and the facility to book a table through the website with a simple UI. Customers can also leave reviews about the dishes and the facilities we provide. The reviews from the prominent people is shown on homepage.

Pages of your Web Site

Page Name	Description
index.html	In the home page of the website, the main highlights of our café are shown with a menu to redirect customers to the various sections of our place.
About.html	This page contains the brief history of our website, our organization structure and the specialties of our café and the features we have such as: Free WIFI and priority of hygiene and taste over anything else.
Contactus.html	This page embeds the google map portion of our café and also contains our addresses, phone number, social media links and other contact information.
Menu-section.html	This page contains the items we serve (or basically our menu), our specialties and the cook's "Choices of the chefs".
Gallery.html	This page contains the pictures of our café, eating area, kitchen and every room of our café.
Events.html	This page contains the information regarding live music or movie night and sporting events that we provide on our café.
Booking.html	This page contains the procedure for booking a table in our café.
